

Hi! I'd like to introduce myself to my future customers....

My name is Jenn Schultz, I'm a graduate of The Wayne County Schools Career Center's AG Mechanics program, in Smithville, Ohio. I am very excited to announce that we are able to make a dream and goal of mine come to fruition that I have had for many years. And, that is to own and operate an agricultural parts business with my husband, Ross. We welcomed the opportunity to purchase a portion of a long, well established agricultural parts business from Rick Stair, owner of Rick's Ag Parts, llc . Rick has begun the process of his retirement after being in the agricultural industry for 45+ years.

In 2004, I began working at a farm equipment dealership. During my time there, I worked at the parts counter, was the warranty administrator, the training administrator, and most recently the service parts specialist. I thoroughly enjoy the challenge of finding parts for customers, especially for Krone, Ford/New Holland, Massey Ferguson, and Kinze brands, which I'm most familiar with.

Our family owns a small hobby farm where we raise goats, chickens, and do hay. For the past several years, a passion of mine has been helping the youth with their 4-H projects as a 4-H advisor. It is very rewarding to watch the young people learn some great skills to use well into their adult years.

We look forward to taking care of your agricultural parts needs for many years to come! Our on-line store is [www.CountryViewAgParts.com](http://www.CountryViewAgParts.com), and our phone # is 330-635-9791. Thank you in advance for your future business supporting our small business, we will strive to give you our best customer service!

Sincerely,

Jenn Schultz, Country View Ag Parts, llc
